

Verse 1:

In the city of the Living Spring, Osogbo,
Candles of knowledge, skills and Sunnah glow,
Fountain University,
Committed we are to excellence in learning and character,
With Passion, honesty, and doggedness we thrive.

Chorus:

Fountain University builds minds and character to grow
Ambitions and innovations to reality we drive.

Verse 2:

A special factory of knowledge and character,
We are the citadel of virtues, skills and learning,
Fountain University,
Holding the torch of Iman for the youth to lead,
Through the path of self-realisation away from ignorance.

Chorus:

Fountain University builds minds and character to grow,
Ambitions and innovations to reality we drive. (Repeat)
